

Letter of Agreement

Between the Byron Board of Education and AFSCME Support Staff

Effective Date January 1, 2023.

On June 22, 2022 an agreement between the AFSCME and the Byron Board of Education stated "An additional \$1.00 per hour may be granted if the "Free and Reduced" forms are sufficient to provide the necessary additional income to support this increase. These forms shall be evaluated the first week of January, 2023."

The forms have been evaluated, and it was determined that the necessary funds are being generated to support the increase. Therefore, food service staff have been granted an additional \$1.00 per hour wage increase effective January 1, 2023.
