

# How Can I Help My Child's Grade at Byron High School?

1. Obtain a PowerSchool Login and Password – PowerSchool is an online grade reporting method that all teachers use at Byron Middle School to report progress of each student. With a login and password, parents can track when assignments are due and the grade earned on an assignment when it is graded and returned. Low grades are often related to missing or late work. Call or email the high school guidance office ([Mrs. Smith](#)) to obtain a login and password (810) 266 – 4620.
2. Get a planner – A planner is a great way to help your son or daughter remember when assignments are due and when tests and quizzes are scheduled. Start by having your son or daughter write down all homework that is assigned for each class. It is also very important to include “no homework” for a class if that is the case so the same routine is carried out each hour. If this needs to be monitored at first from the teacher, your son or daughter should write the assignment in the planner and the teacher will initial it at the end of the hour to verify it.
3. Contact the teacher - The high school office telephone number is (810) 266 – 4620. Leave a message for a teacher and you will get a call back within 24 hours. A faster way to contact your teacher is through the [staff directory](#) on the Byron Area Schools website because teachers do not have immediate access to a telephone.
4. The Byron High School National Honor Society offers after school tutoring on Tuesdays from 3:00 to 4:00 pm in high school room 9. During this time your son or daughter can receive help from a high school student on any subject. This program is organized and monitored by [Mrs. Thiele](#) and [Mrs. Davis](#).
5. Contact the Byron High School Principal [Mr. Hegenauer](#), (810) 266 – 4620, to set up a round table meeting with all your son or daughters teachers if there is a concern in more than one subject. Round table meetings occur before or after school and take about 30 minutes.
